APEX² SERIES

Seating

education **environments**
flexible. functional. engaging.

Comfort that keeps up.

The Apex Chair is designed for real classrooms and real students—those who lean back, shift forward, and need a seat that supports it all. With gentle flex and built-in lumbar support, Apex delivers comfort that moves with the learner, not against them.

Its modern shape isn't just for looks—it's made to fit students of all sizes and stand up to everyday wear. No fuss. No frills. Just a great seat that's always ready to learn.

Accessories sold separately:

Felt glides available
Model: 98-1017
(Sold in sets of 4)
